Osaid Athar

Software Developer

Driven self-taught engineer with a knack for creating beautiful and functional web applications. Equipped with expertise in React, JavaScript, HTML, and CSS, and actively learning Python. Delivered freelance projects and eager to join a team where I can learn, grow, and contribute with dedication.

Work Experience

PoseltHealth, Freelance

Nov 2022- Feb 2023

- Developed a responsive web application using ReactJS to streamline workflow and communication for psychotherapists.
- Collaborated effectively with team members to manage tasks and deliver a successful project.
- Reduced administrative workload for psychotherapists by automating specific tasks.

Doctor App, Personal Project

Mar 2023- June 2023

- Implemented user-friendly interface for browsing doctor profiles, checking availability, and booking appointments.
- Improved accessibility by allowing doctors to update schedules and manage appointments.

Education

SSC, Rahnuma High School

2017- 2018

HSC, Rizvi College

2020-June 2021
